Deputy,

I did not want to mention this on the call with the group but feel it important for you to have this information. On my call with OPS Command last night Chief Sloly asked his people to send him their resource needs. They told him that they need 250 members a day to run things. Chief Sloly told them that if they need 100 he will ask for 200, if they need 200 he will ask for 400. He seemed very comfortable asking for twice what he really needed. He looks at it that it the other partner police agencies can't meet the ask number then Ottawa may still get more than they really need..

Was a very strange call to be a part of.

Hearing the Commissioner say that he may ask for a thousand members I felt you should be aware of the above.

Tks,

Craig
